AL FALAJ GARDENS
One Destination. Every Growing Need.

Your One-Stop Destination for Agriculture & Gardening Solutions.

SMARTER PLANTERS.
GREENER SPACES.

Engineered for Effortless Indoor Gardening.

Transform indoor and semi-shaded spaces with elegantly engineered self-watering planter beds, combining contemporary design, efficient wick irrigation and advanced growing media for sustainable, low-maintenance greenery.

ENGINEERED FOR PERFORMANCE

1. **Premium Structure**
   Square aluminium extrusion profiles with elegant WPC panels.
2. **Advanced Planting System**
   Breathable non-woven agricultural fabric grow bags.
3. **Integrated Water Reservoir**
   Built-in metallic nutrient-water tank with level indicator.
4. **Smart Irrigation**
   Long-life hydroponic wicks for consistent moisture delivery.
5. **Optimized Growing Media**
   Dual-layer rooting medium enriched with slow-release nutrients.

SMART FEATURES. LASTING BENEFITS.

UP TO 30 DAYS WATER RESERVE	SELF-REGULATING IRRIGATION	SUSTAINED PLANT NUTRITION	OPTIMIZED ROOT ENVIRONMENT	BUILT FOR UAE CONDITIONS
Extended watering intervals	Helps prevent overwatering	Supports healthy plant growth	Balanced moisture and aeration	Indoor and semi-shaded spaces

GROW SMARTER. MAINTAIN LESS. ENJOY MORE.

Contemporary greenery, powered by intelligent irrigation.

* Water reserve duration varies with plant selection, climate, reservoir capacity and operating conditions.
